

BYOD Program Acceptable Use Agreement

Rationale

Reservoir High School supports the belief that through Information and Communication Technologies we equip students to participate in a rapidly changing world where work and leisure activities are increasingly transformed by technology. We enable students to find, explore, analyse, exchange and present information. We also focus on developing the skills necessary for students to be able to create and use information in a discriminating, effective and creative manner.

Our BYOD program is for our Year 11 and 12 students where they have signed the ICT AUA's and have a personal device.

This document forms an addendum to the existing ICT Acceptable Use Agreement (AUA) which will be signed by all students from Years 7 - 12. This agreement is for the duration of the BYOD Program.

BYOD General Use

- The device is supplied by and for the predominate use by the student. They are responsible for all information and content on the device which needs to fit within the AUA guidelines for ICT and the 1-1 program.
- The student's device should come to school each day with sufficient charge for the day's activities. Charging will not be an option at school.
- The BYOD must not be left sitting on the ground, on a chair or left outdoors at any time. They should be left on tables or stored in protective bags when not in use.
- They will not be taken outside without the direct permission of a teacher during class time, recess or lunchtime.
- Teaching staff have the right to look at any application or file on the device at any time.
- The school recommends that when using the BOYD at home it is in use in a family or common area

Responsibility for the BYOD

It is the student's responsibility to ensure that the BYOD is looked after. Like all personal items bought to school the school has no liability for damage or loss of any personal items bought to school.

As this program is new to Reservoir High School we look forward to shaping the program as we grow and learn together.
